

MINISTRY OF HEALTH SEYCHELLES

PRESS RELEASE

SATURDAY 6TH FEBRUARY 2021

Update on COVID-19 cases

71 new cases of COVID-19 were recorded since the last update provided in the interview on Friday 05th February bringing the total number of cases recorded in Seychelles to 1504. The samples were taken on the 4th and 5th February.

45 cases have met the discharge criteria and have been released into convalescence.

The information and circumstances surrounding this surge of COVID-19 cases are being analysed and further details will be provided in the coming days.

Health authorities urge members of the public to diligently observe all preventive and public health measures in place.

Below table provides further details.

Categories	Cumulative	Active	Recovered	Death
Visitors/GOP	376	64	312	0
Foreign Seafarers and crew	156	1	155	0
Seychellois	972	275	691	6
Total	1504	340	1158	6

The following measures should be practiced daily to stop the spread of COVID-19.

- Keep interactions to immediate households (the persons you live with) only and to not gather in crowds.
- Wear a mask in public places and where physical distancing cannot be maintained
- Practise hand hygiene regularly
- Avoid gatherings and crowds
- Avoid sharing objects
- Practise physical distancing of more than 1 metre

-END-

The Ministry of Health invites you to share this update. Members of the public experiencing symptoms of COVID-19 are advised to go to special stations at the following centres: Glacis, Baie Lazare & Mont Fleuri. Alternatively use the QR below to report your symptoms.
