**Note:**

All pharmacies are busiest in the morning with long waiting time to be served, 15 minutes to 30 minutes. Patients are requested to collect their refills for prescription at their Primary Health Care Clinic Pharmacy preferably in the afternoon between 1pm -4.00pm. Afternoons are less busy and waiting time is around 10- 15minutes.

For more convenience use the repeat medication drop box and the pharmacy staff will contact you by texting or telephone when your medicine is ready for collection.
